10-1 BENEFIT

Two of Chicago's finest need your help! A MAIU Sergeant and Officer were approached by a masked subject holding a handgun and by a hooded subject carrying a glass bottle. An exchange of gunfire occurred between the masked gunman and the Department members. During this encounter, the hooded subject carrying the bottle was struck by gunfire.

Subsequently, both Department members were charged by the Cook County's States Attorney Office with Aggravated Battery and Official Misconduct and placed in a No Pay Status. This is an injustice and any help would be greatly appreciated by the involved Department members and their families through this difficult time.
